

The University of Texas at Austin
Lyndon B. Johnson School of Public Affairs and the School of Law

We Request Your Participation
in an Important:
Property Title Survey
in your Community

**Representatives from U.T. will be in your
community to talk with residents on**

January 7-January 14, 2012

Having clear title to your land is important. Clear title provides security of ownership -- and is often a requirement to receive home improvement and rebuilding assistance from state and federal sources, such as disaster relief funding. With your assistance, the University of Texas study will help us better understand what kinds of title problems residents in your community face when buying and selling their properties. The survey will also help us understand what new laws are needed to help residents and their families maintain clear title. The survey is being conducted by the University of Texas at Austin for the Texas Department of Housing and Community Affairs and the State Legislature. Interviewers from U.T. will be in your community between January 7th-14th. If your household is selected for the survey, your participation is voluntary and your responses will be entirely confidential.
